Our Mission

ARRT's mission is to promote high standards of patient care by recognizing qualified individuals in medical imaging, interventional procedures, and radiation therapy. Learn more about us by visiting our website at arrt.org.

Notice of Nondiscrimination

ARRT doesn't discriminate against candidates for certification and registration on the basis of their race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, familial status, disability, sexual orientation, gender identity, veteran status, age, or any other legally protected basis.

NCCA Accreditation

ARRT's Radiography, Nuclear Medicine Technology, Radiation Therapy, Computed Tomography, Sonography, and Registered Radiologist Assistant certification and registration programs have earned accreditation from the National Commission for Certifying Agencies (NCCA), the accrediting body of the Institute for Credentialing Excellence (ICE).

For more information on ICE/NCCA and its accreditation program, visit www.credentialingexcellence.org.

ARRT offers two ways to earn our credentials: the primary eligibility pathway and the postprimary eligibility pathway. You can earn some credentials using either eligibility pathway. You also can pursue an ARRT credential as a Registered Radiologist Assistant (R.R.A.).

This handbook discusses the postprimary eligibility pathway. To learn about our other options, review our Primary Eligibility Pathway Handbook and our Registered Radiologist Assistant Handbook.
About the Postprimary Eligibility Pathway

You might be eligible to pursue an ARRT credential using the postprimary eligibility pathway if you’ve already done at least one of the following:

- Earned an ARRT credential using the primary eligibility pathway
- Earned a credential from another ARRT-recognized organization
- Received your Program Director’s permission to begin logging clinical experience requirements while you’re completing your educational program

You might be eligible to pursue an ARRT credential using the postprimary eligibility pathway.

The chart on Page 6 shows:

- The disciplines in which you may earn a credential using the postprimary eligibility pathway (left column)
- The ARRT supporting credential you need to hold first (second row)
- The supporting credential you need from another organization (footnotes)

THREE STEPS TO AN ARRT CREDENTIAL

To be eligible for ARRT certification and registration, you must meet requirements in:

1. Education (Page 7)
2. Ethics (Page 13)
3. Examination (Page 18)
ARRT offers certification and registration using the postprimary eligibility pathway for Mammography, Computed Tomography, MRI, Bone Densitometry, Cardiac Interventional Radiography, Vascular Interventional Radiography, Vascular Sonography, and Breast Sonography. In addition, we offer certification and registration for Registered Radiologist Assistants (see bottom row).

* The supporting discipline of Nuclear Medicine Technology may be through ARRT or NMTCB.
** The supporting discipline of Sonography may be through ARRT or ARDMS.
*** You’ll need certification and registration in both Radiography and Mammography as supporting disciplines for Breast Sonography eligibility.
SECTION 1

Establishing Your Eligibility

Education Requirements

In addition to holding an appropriate supporting credential (see Page 6), you must meet ARRT’s:

- Structured education requirements
- Clinical experience requirements

Together, these requirements help you master the knowledge you’ll need to obtain your credential. The requirements apply to all candidates, regardless of current position, title, or type of employment.

STRUCTURED EDUCATION

Structured education is an important part of learning. It indicates you’ve had the chance to develop fundamental knowledge, integrate theory into practice, and hone affective and critical thinking skills required to demonstrate professional competence.

Structured education includes:

- Activities that a RCEEM, RCEEM+, or ARRT-recognized state licensing agency approved
- Academic courses from institutions accredited by an ARRT-recognized agency

If you’re enrolled in an educational program for Radiography, Nuclear Medicine Technology, Radiation Therapy, MRI, or Sonography that includes formal classroom instruction in an ARRT postprimary discipline (see chart on Page 6), you may use documented academic courses to satisfy all or part of your structured education requirement. Check with your instructor to see if ARRT has accepted the activities for structured education purposes.
CREDITS NEEDED

To obtain a credential using the postprimary eligibility pathway, you must complete **16 hours** of structured education before you apply for certification and registration in the new discipline. You must earn the credits **no more than 24 months** before you apply.

- You must earn at least 16 credits reflecting the content outline for the discipline you’re pursuing.
- You must earn at least one credit from each of the major categories of the content outline.
- You may earn remaining credits in any of the major categories of the content outline.
- You must have earned all credits within 24 months of the date you apply for certification and registration in the new discipline.
HOW TO REPORT STRUCTURED EDUCATION

After you finish each activity, log in to your ARRT account to document your structured education credits. Once you've documented at least 16 credits in the tool, you may submit them to us for review. We typically review submissions within three business days.

Remember to complete your structured education requirements within the 24 months immediately before you submit your application.

NEED TO KNOW MORE?
VISIT YOUR ONLINE ARRT ACCOUNT AND:

1. Click on Resources.
2. Select Earn Additional Credentials/Postprimary.
3. Click on the Structured Education link under Requirements.

Questions about accessing your online account? Call us at 651.687.0048, ext. 8570.
Establishing Your Eligibility

SECTIoN  1

CLINICAL EXPERIENCE

Our postprimary eligibility pathway also requires you to perform and document a specific number of clinical experience requirements. The requirements depend on your discipline. You must complete them before you apply for certification and registration—but no more than 24 months before you submit your application.

It's up to you to make sure your state's laws allow you to complete our clinical experience requirements. If you have questions, or if you can't complete one or two of the required procedures because they aren't available at your facility, call us at 651.687.0048, ext. 8570. We can discuss an exemption or propose another way for you to meet the intent of the requirements.

Beginning Jan. 1, 2020, we'll limit how many clinical experience entries you can report for each day. Log into your online account for more information about the discipline you're pursuing.

Select Verifiers

You must select appropriate verifiers to document that you performed the clinical experience requirements. In most cases, verifiers must be Registered Technologists (R.T.s) or interpreting physicians.

Once you identify potential verifiers, ask them if they're willing to verify your clinical experience requirements. Your verifiers will review the procedures you submit and approve or deny your request for verification. You'll get your results as soon as your verifier responds.

Learn more about what you and your verifiers need to do by logging in to your ARRT online account and searching for Verifiers. Keep in mind: submitting a false report of clinical experience could trigger an ethics investigation. R.T.s verifying the procedures of a colleague must meet the same Standards of Ethics as the person completing the procedure.

Provide Your Supervisor's Information

After your verifiers sign off on all of your procedures, and you demonstrate that you meet our minimum requirements for certification and registration, you'll have to enter the name and contact information of your supervisor. This person can be one of your verifiers or someone else, depending on the structure of your facility. You must, however, report to the person you list as your supervisor. He or she will provide the overarching verification that you completed the procedures you logged at the dates, times, and places you reported.
Be Aware of Effective Dates

If we list two sets of requirements in the clinical experience requirements for your discipline, check the effective date on the newer ones. You can't begin logging procedures under old requirements if the effective date on the newer ones has passed.

If you start logging procedures before the newer requirements go into effect, however, you can continue—without losing any procedures—until the older requirements expire. That's 24 months after the effective date of the newest requirements.

If you're logging procedures on the older requirements, and you wish to switch to the new ones, you'll have to delete your old worksheet, select the discipline, and start a new worksheet. If you choose this method, your older procedures might not appear on the new requirements.

Report Your Clinical Experience

Use our online clinical experience tool to:

- Document the procedures you've done
- Request that your verifiers and supervisor(s) confirm your work

Once ARRT accepts your structured education, you've logged your clinical experience, and your verifiers and supervisor(s) sign off on your clinical experience, you'll be able to apply for certification and registration in the new discipline (see Page 22).

Beginning Jan. 1, 2020, ARRT will limit the number of clinical experience entries you can report for each day. Log into your online account for more information about limits for the discipline you're pursuing.
Be Sure to Document Carefully

We might delay processing your application if there’s evidence that any of the procedures you logged don’t meet our clinical experience requirement. (That could happen even if there’s no evidence you knowingly engaged in compromising activities.) Be prepared to cooperate in any investigation. If we determine that you didn’t complete one or more of the procedures you entered, we’ll cancel your application and we won’t refund your application fee. In addition, we’ll submit a report to our Ethics Department for further investigation. Our Ethics Department could sanction you, your verifier, or your supervisor as detailed in the ARRT Standards of Ethics.

If You Don’t Have an Online Account

If you’re using a supporting credential from ARDMS or NMTCB, complete this form to request an online ARRT account. Mail the form to us at 1255 Northland Dr., St. Paul, MN 55120.

If you’re enrolled in a primary educational program, you may begin documenting your procedures online for postprimary certification and registration. Just complete this form to request an online ARRT account. Mail the form to us at 1255 Northland Dr., St. Paul, MN 55120.
Ethics Requirements

ARRT enforces high standards of ethics and professional conduct both among R.T.s and among candidates for ARRT credentials. We created these rules to help protect the safety of all patients.

WHO HAS TO FOLLOW ARRT’S RULES OF ETHICS?

All applicants and R.T.s do. Once you apply for certification and registration with ARRT, you must comply with everything in the ARRT Standards of Ethics, including the Rules of Ethics. You must notify us of any potential ethics violations within 30 calendar days of their occurrence, and you must tell us of any ethics violations that took place before you applied with ARRT (see Page 14).

In addition, you must report applicants or R.T.s who don’t comply. Applicants who don’t follow these rules might become ineligible for certification and registration with ARRT. R.T.s who don’t follow these rules might receive sanctions up to and including revocation of their ARRT credentials.

WHAT VIOLATES ARRT’S RULES OF ETHICS?

Several types of misconduct, charges, and convictions may violate our Rules of Ethics. They include, but aren’t limited to:

- Felony or misdemeanor charges or convictions (including speeding tickets and parking violations that are considered misdemeanors or felonies)
- Charges or convictions concerning traffic violations that involved drugs or alcohol
- Convictions in a military court-martial
- Violations of state or federal narcotics or controlled substance laws, even if you aren’t charged or convicted
- Disciplinary actions concerning a professional license, permit, registration, or certification
- Violations of an honor code at an educational institution you attended to meet ARRT certification and registration requirements

You don’t have to report any offenses that you committed as a juvenile and that were adjudicated through the juvenile court system.
TELL US ABOUT POTENTIAL VIOLATIONS

If you do—or did—something that might have violated our Rules of Ethics, follow these steps:

<table>
<thead>
<tr>
<th>YOUR STATUS</th>
<th>WHAT TO DO</th>
</tr>
</thead>
<tbody>
<tr>
<td>I haven’t yet applied for certification and registration with ARRT.</td>
<td>• Report the potential violation when you apply for certification and registration.</td>
</tr>
<tr>
<td></td>
<td>• For additional guidance, review the Ethics Review Checklist for Regulatory Violations or the Ethics Review Checklist for Criminal Violations. Or call us at 651.687.0048, ext. 8580.</td>
</tr>
<tr>
<td>I have applied for certification and registration with ARRT, but I haven’t yet passed the exam.</td>
<td>• Report the potential violation within 30 calendar days of its occurrence.</td>
</tr>
<tr>
<td>I am an R.T.</td>
<td>• Report the potential violation within 30 calendar days of its occurrence.</td>
</tr>
<tr>
<td></td>
<td>• Or report it at your annual renewal, whichever comes first.</td>
</tr>
</tbody>
</table>

Keep in Mind

It’s much better to report an issue than to try to hide it. If you don't disclose a violation, but we learn about it, you may be subject to ARRT sanctions for not reporting the issue—even if that issue alone wouldn’t have led to a sanction.

Most R.T.s who report potential violations don’t have their credentials revoked. ARRT investigated nearly 2,100 ethics violations in 2018, and only 29 cases (1.4 percent) resulted in revocation.
### HOW TO REPORT VIOLATIONS

When you fill out ARRT’s Application for Certification and Registration, we’ll ask two questions. How you answer will determine your next steps.

#### ETHICS QUESTION 1: CRIMINAL VIOLATIONS REPORTING

<table>
<thead>
<tr>
<th>QUESTION</th>
<th>ANSWER YES</th>
<th>ANSWER NO IF YOU HAVE NO OFFENSES</th>
</tr>
</thead>
</table>
| Have you ever been charged with or convicted in court of a misdemeanor or felony (including conviction of a similar offense in a military court-martial)? | If you have:  
  • Charges or convictions, including those that were stayed, withheld or deferred, set aside, or suspended  
  • Any plea of guilty, Alford plea, or plea of no contest (nolo contendere)  
  • Any court supervision, probation, or pretrial diversion  
  • Traffic violations charged as a misdemeanor or felony  
  • Traffic violations that involved drugs or alcohol | Also answer no if you have:  
  • Juvenile offenses and convictions that were processed in juvenile court  
  • Speeding and parking tickets that weren’t charged as a misdemeanor or felony and that didn’t involve drugs or alcohol  
  • Charges that were dismissed with no court conditions required  
  • Sealed or expunged cases (if you don’t have court documents proving your charges or convictions were sealed or expunged, you must report the violation)  
  • Offenses you previously reported to ARRT and for which ARRT has sent you correspondence  
  Reminder: You must answer yes for all traffic violations that involved drugs and/or alcohol. |

#### WHAT TO DO IF YOU ANSWER YES

Submit a written explanation of the events and copies of all documentation relevant to the matter. Do not send original records.

For additional guidance, review the [Ethics Review Checklist for Criminal Violations](https://www.arrt.org). Or call us at 651.687.0048, ext. 8580.
## ETHICS QUESTION 2:
### REGULATORY AUTHORITY VIOLATIONS REPORTING

<table>
<thead>
<tr>
<th>QUESTION</th>
<th>ANSWER YES</th>
<th>ANSWER NO IF YOU HAVE NO OFFENSES</th>
<th>WHAT TO DO IF YOU ANSWER YES</th>
</tr>
</thead>
<tbody>
<tr>
<td>Has a regulatory authority or certification board—other than ARRT—ever:</td>
<td>If any of the experiences described in Ethics Question 2 apply to you</td>
<td>Also answer no:</td>
<td>Submit a written explanation of the events and copies of all documentation relevant to the matter. Do not send original records. For additional guidance, review the Ethics Review Checklist for Regulatory Violations. Or call us at 651.687.0048, ext. 8580.</td>
</tr>
</tbody>
</table>
# Establishing Your Eligibility

## ETHICS QUESTION 3:
**HONOR CODE VIOLATIONS REPORTING**

<table>
<thead>
<tr>
<th>QUESTION</th>
<th>ANSWER</th>
</tr>
</thead>
<tbody>
<tr>
<td>While attending an educational program to meet ARRT certification and registration requirements, were you ever suspended, dismissed, or expelled from that program?</td>
<td></td>
</tr>
<tr>
<td><strong>YES</strong> If any of the experiences described in Ethics Question 3 apply to you</td>
<td></td>
</tr>
<tr>
<td><strong>NO</strong> • If you have no offenses • For offenses you previously reported to ARRT and for which ARRT has sent you correspondence</td>
<td></td>
</tr>
</tbody>
</table>

**WHAT TO DO IF YOU ANSWER YES**
Along with your completed application, submit a written explanation of the events and copies of all documentation relevant to the matter. Do not send original records.

For additional guidance, review the Ethics Review Checklist for Honor Code Violations. Or call us at 651.687.0048, ext. 8580.
Examination Requirements

Before you earn an ARRT credential, you must pass an ARRT exam in your discipline. You’ll find much more about our exams—and how to prepare—in the section beginning on Page 37.

THREE ATTEMPTS IN THREE YEARS

Be aware that you’ll have three attempts to pass the exam. You must make those attempts within three years of the date your first exam window opens. If you don’t pass the exam within those three years or those three attempts, you’ll no longer be eligible for certification and registration unless you requalify (see Page 27).

If you take an ARRT-administered state licensing exam as a state licensing candidate, those attempts will count against your three-attempt limit if you also apply for ARRT certification and registration in the same discipline. If you earn passing scores as a state candidate, you can’t use those scores to achieve ARRT certification and registration. The next section explains the differences between state licensing and an ARRT credential.

Questions? Call us at 651.687.0048, ext. 8560.
ARRT Credentials or State Licensing?

State licensing differs from ARRT certification and registration. If you want to become certified and registered with ARRT, you must meet our requirements and apply to us. In some states, however, you must obtain a state license before you can work as a technologist.

Passing a state licensing exam or being licensed by a state doesn’t make you eligible for ARRT certification and registration. Likewise, earning an ARRT credential doesn’t necessarily mean you’re eligible to work in a particular state.

OBTAINING A STATE LICENSE

Licensing laws differ from state to state. For example, some states might require you to earn ARRT certification and registration before you can get a license to practice in that state. Others might require you to pass an exam based on state regulations before you can earn a license to practice.

If you want to obtain a state license, you must meet the state’s requirements and apply directly to that state. Contact the state to get started. Your state is your best source for information about state licensing policies or application procedures.
SECTION 2

How to Apply and Reapply

You're ready to apply for ARRT certification and registration once:

- Your supervisors(s) and verifier(s) sign off on your requirements.
- ARRT accepts your structured education activities.

FIVE STEPS TO APPLYING

Be sure to complete these steps as you prepare your application using the postprimary eligibility pathway:

1. Verify that your certification and registration in a proper supporting discipline is current (Page 6).
2. Sign the Agreement of Candidates (Page 22).
3. Confirm the name and address we have on record for you—and make sure it matches your two forms of valid ID and the name in ARRT records exactly (Page 22).
4. Request accommodations, if needed, when you apply (Page 24).
5. Report any ethics violations, if applicable (Page 14).
Apply for One ARRT Credential at a Time

If you’re planning to take a state exam (administered by ARRT) and an ARRT exam, you must choose which one to take first.

Similarly, you can’t apply for an ARRT credential in more than one discipline at the same time.

QUESTIONS?
Call us at 651.687.0048, ext. 8560, if you have questions about applying. Call 651.687.0048, ext. 3155, if you have questions about state licensing.
Complete and Submit Your Application

SIGN THE AGREEMENT OF CANDIDATES

When you apply for certification and registration, you’ll have to sign the Agreement of Candidates. You can find the full agreement in Article III, Section 3.02, of ARRT Rules and Regulations. Be familiar with the agreement and ARRT’s other requirements before you apply with us.

HAVE VALID AND ACCEPTABLE ID

Matching names are one of the best ways for us to make sure the person who applies for an ARRT credential is the same person who takes the corresponding exam. Make the exam process easy on yourself by getting appropriate ID before you apply for, schedule, or attempt to take your exam.

Be Sure Your Application Matches Your ID

The name you put on your application is the name ARRT will use in your permanent record and on your Candidate Status Report (see Page 31). Use your legal name—the one that appears on your birth certificate, marriage certificate, or legal name change document.

The name on your Candidate Status Report must be identical to the name on both pieces of ID you’ll bring to the test center. The only exception is that it doesn't matter if any of your IDs contains your middle name or initial. If your name has a cultural variation, make sure that the same variation appears on your Candidate Status Report and on both of your IDs.
Valid Types of Acceptable ID

Be prepared to show two forms of valid (not expired) and acceptable identification at the test center:

- Your primary ID must be a government-issued ID, such as a driver’s license, state ID card, passport, or military ID card with your permanently printed name, your photo, and your signature or military bar code.
- Your secondary ID must include your permanently printed name and your signature. It can be your U.S. Social Security card, an employee ID badge, a bank or credit card, or a school ID. It can also be a second form of the types of primary ID.

If Your ID Is Invalid

You won’t be allowed to take the exam if, when you arrive at the test center:

- You don’t have two valid forms of acceptable ID.
- Your ID is expired.
- The name on your ID differs from that on your ARRT file.
- You haven’t signed your ID.

In such cases, you’ll forfeit your application fee, and you’ll have to reapply and pay a new fee to get a new exam window. If Pearson VUE admits you with questionable ID, ARRT could cancel your exam scores following an investigation. If ARRT cancels your scores, your exam attempt will count as one of the three allowed in three years. You won’t receive an extension if ARRT’s cancellation means you don’t pass your exam within the allotted three years (see Page 18).

If you don’t have proper identification, cancel your appointment and reschedule it when you’ve acquired two valid forms of acceptable ID. See Page 35 for cancellation procedures and deadline.

TABLE OF CONTENTS

IF YOU NEED ACCOMMODATIONS TO TAKE YOUR EXAM

Accommodations are ways of adapting an exam experience to meet the needs of people who have disabilities that may impair their exam performance. Accommodations can't change the number of questions or the content an exam covers. And they don't guarantee improved performance, a passing score, or any specific outcome.

ABOUT ADA ACCOMMODATIONS

ARRT complies with the Americans With Disabilities Act (ADA). We'll provide appropriate accommodations if you demonstrate both that:

• You have an ADA-qualifying disability.
• Your disability results in substantial functional limitations that affect your daily life activities as compared to most people.

In most cases, you'll need to submit supporting documentation and a personal statement describing your disability.

Approved accommodations might include additional time to complete the exam, a separate testing room, or access to snacks if you have diabetes. You won't need to request accommodations for comfort items, such as an inhaler, crutches, or eye drops.

Accommodations must be appropriate to the task and setting. For example, although you might have received accommodations in a classroom setting, those adaptations might not be necessary in an ARRT exam setting.

REMEMBER

You must request ADA accommodations each time you apply or reapply for ARRT certification and registration.
SECTION 2

How to Apply and Reapply

HOW TO REQUEST ADA ACCOMMODATIONS

Start by answering yes to the question about accommodations on your application for ARRT certification and registration. Then, after we receive your ARRT application, we'll send you instructions on applying for ADA accommodations.

We contract with Paradigm Testing, an independent company, to manage our ADA accommodations requests. As part of the accommodation application process, you’ll submit an online form and supporting documents to Paradigm via its secure website. You must submit such a form each time you attempt an exam, including re-examination attempts.

We’ll place your ARRT application on hold until you submit your accommodation request and Paradigm processes it. In addition, you won't be able to schedule your exam until we send you the decision letter.

If you don't submit a request to Paradigm within a year, we'll process your application without any accommodations and assign you an exam window. At that point, we can't grant any ADA accommodations.

Once your accommodations review is complete, we'll send you the decision in writing.
SUBMIT YOUR APPLICATION

To apply:

- Go to your ARRT online account.
- Access the postprimary documentation tool from your dashboard.
- Follow the on-screen instructions to complete your application.
- If you need ADA accommodations (see Page 24), answer yes when asked if you have a disability. Then follow the prompts to request testing accommodations. You must submit your request during the application process, before we assign your exam window.
- Submit your application and processing fee.

Unless you need an ethics review or request ADA accommodations, we'll post a Candidate Status Report to your online account within one business day after you apply for certification and registration. If you need an ethics review or accommodations, it will take longer to process your application.

Once we post your Candidate Status Report, you may schedule your exam (see Page 30).

ABOUT APPLICATION FEES

When you apply for an ARRT credential using the postprimary eligibility pathway, the fee is:

- $200 if you have another ARRT credential
- $400 if you're using an ARDMS or NMTCB credential as a supporting category
- $175 if you're reapplying to take the same exam you previously applied for

We accept Visa, MasterCard, Discover, and American Express credit cards. We don't refund fees or transfer them to another discipline.
How to Requalify

If three years pass from the starting date of your first exam window, or if you fail the same exam three times, you will have to requalify and then apply again.

- You must complete and document a new set of clinical experience requirements.
- You also must complete 16 new credits of structured education (see Page 7).

Questions?

Call us at 651.687.0048, ext. 8560, if you have questions about your application.
How to Change Your Name

If you change your name after you apply with ARRT, let us know immediately—before you schedule your exam appointment. The test center can’t process name changes. And your name on the IDs you present at the test center must match the information on your Candidate Status Report. If your name has a cultural variation, make sure that the same variation appears on your Candidate Status Report and on both of your IDs. It doesn’t matter whether your middle name appears on either ID or on your Candidate Status Report.

If the name on your ID doesn’t match the name on your Candidate Status Report, call us at 651.687.0048, ext. 8560. Don’t schedule a new appointment until you receive a new Candidate Status Report and verify that it’s correct.

To change your name in our records:

- Visit www.arrt.org/forms and download the Name Change Form under Records.
- Complete the form and send it by mail to ARRT, at 1255 Northland Dr., St. Paul, MN 55120, or fax it to 651.681.3297.
- Include a photocopy of your marriage certificate or court order showing your name has changed.
- Mail the information early enough that we receive it at least 10 business days before you’re scheduled to take your exam. If we don’t have enough time to process your change, you’ll be turned away from the test center and you’ll forfeit your application fee.
How to Change Your Address

If you change your address after you apply with ARRT, notify us immediately to ensure you receive all our correspondence with you. You can change your address by going to www.arrt.org and:

- Logging in to your online ARRT account
- Clicking on the Account drop-down menu
- Choosing Settings
- Clicking on the Update Address tab under Update Profile and Settings
- Filling out your new information

Keep in mind that you can't change your address at the test center—and we'll mail your exam scores to the address we have on file.
Before you can schedule your exam, you need a Candidate Status Report with an exam window from ARRT. After we process your application, we'll post it to your online account. Make sure all information on it is accurate.

TOP FIVE SCHEDULING TIPS

- Request any test accommodations on your application—not at the test center (Page 24).
- Schedule your exam early; appointments fill up fast (Page 32).
- Don’t schedule your exam until you have two valid forms of acceptable ID (Page 22).
- Have your ARRT ID number handy when you call Pearson VUE. The number appears on your Candidate Status Report.
- If you need to change or reschedule your appointment, be aware of associated fees and deadlines (Page 36).
Making Your Exam Appointment

Scheduling Your Exam

Be sure to follow all the steps in this section, so your exam appointment goes smoothly.

ABOUT YOUR CANDIDATE STATUS REPORT

Your Candidate Status Report contains your identification information, your ARRT ID number, and the dates of your exam window (that is, the time during which you can take your exam). Make sure all the information on it is accurate. If you have questions, call us at 651.687.0048, ext. 8560.

If you haven't requested ADA accommodations and don’t need an ethics review, we’ll post your Candidate Status Report within one business day after you apply for certification and registration. If we don’t, call us at 651.687.0048, ext. 8560.

ABOUT YOUR EXAM WINDOW

Your exam window will begin on the second day after we process your application. Then it will extend for 365 calendar days. For example, if we process your application on Friday, March 6, 2020, your exam window will begin Sunday, March 8, 2020, and end on Sunday, March 7, 2021.

Your window will close automatically:

- After 365 calendar days
- If you miss an appointment to take the exam without giving the required notice (see Page 36)
- If you don’t agree to the nondisclosure agreement at the test center (see Page 42) within two minutes of accessing it
- If you’re turned away from Pearson VUE because of a name discrepancy

If you don’t schedule and take an exam during your exam window, you’ll forfeit your application fee. To open a new window, you’ll have to reapply and pay the $175 reapplication fee (see Page 36).
WHERE TO TAKE YOUR EXAM

Pearson VUE administers ARRT’s examinations. The organization has more than 200 high-security test centers in the U.S. and its territories. It also offers ARRT exams in selected Canadian, European, Asian, and Australian cities.

HOW TO SCHEDULE YOUR EXAM APPOINTMENT

Once we post your Candidate Status Report, you can schedule your exam with Pearson VUE, either by:

- Making your appointment online, following the instructions on the Pearson VUE website
- Calling Pearson VUE at the toll-free number listed on your Candidate Status Report

Pearson VUE centers are usually open Monday through Friday from 8 a.m. until 6 p.m. Some offer evening or weekend hours.

Have your Candidate Status Report with you when you schedule. You’ll need to verify your name, address, and other identifying information—and provide your exam discipline and ARRT ID number from your Candidate Status Report. Keep in mind that:

- Except for adding your email address and phone number, Pearson VUE staff can’t make changes to your record.
- If your name or address has changed since you applied, follow the directions on Page 28 and Page 29 before you contact Pearson VUE to schedule.

Exam appointments fill up quickly. Make yours as soon as you can, even if you don’t want to take the exam immediately. Remember: we won’t extend your exam window. If your exam window expires, you’ll have to reapply and pay a new application fee to receive a new window (see Page 36).
CONFIRM YOUR EXAM APPOINTMENT

To confirm your appointment:

- Keep track of your confirmation number; the date, time, and location of your exam; and the name of your Pearson VUE representative.
- Watch for an email from PearsonVUEconfirmation@pearson.com confirming your appointment; you should receive it within minutes of scheduling your exam.
- Call Pearson VUE for confirmation the day after you make your appointment if your exam is scheduled within the next five business days.

If you don’t receive a confirmation, follow up with Pearson VUE. ARRT won’t have access to the details of your appointment.

KEEP TRACK OF YOUR:
- Confirmation number
- Exam date and time
- Test center location
- Pearson VUE representative’s name
How to Reschedule

If you need to change an exam appointment, be sure to follow these instructions. If you miss your appointment or don’t cancel it early enough, you’ll lose your ARRT application fee.

Pearson VUE charges $10 each time you cancel or reschedule an appointment. You’ll have to pay by credit card at the time you make the change, either online or over the phone.

Always make sure you’ve scheduled, rescheduled, or canceled your appointment properly. Neither ARRT nor Pearson VUE is responsible for appointment errors.

IF YOU NEED TO RESCHEDULE

You may cancel or reschedule an appointment by:

- Calling Pearson VUE at 800-632-9055 at least 24 hours (one business day) before your scheduled appointment; leaving a message on voicemail isn’t acceptable
- Following the prompts at www.pearsonvue.com/arrt at least 24 hours (one business day) before your appointment; be sure to complete the process

Pearson VUE will send you an email confirmation each time you change or cancel an appointment. If you cancel an appointment or make a new one, call Pearson VUE if you don’t receive an email within a few minutes.

BE AWARE

Always make sure you’ve scheduled, rescheduled, or canceled your appointment properly.
### HOW SOON DO I HAVE TO CANCEL?

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

* If you're in the Central, Mountain, or Pacific time zone, and your scheduled appointment is at 8 a.m., you must cancel at or before 8 a.m. on the day shown in this table. If you're in the Eastern time zone, you must cancel any 8 a.m. exam appointments no later than 7 p.m. two days beforehand (that is, 7 p.m. Wednesday for an 8 a.m. Friday appointment).

Note: Weekends and national holidays don't count as business days. Plan accordingly.

If you're canceling using Pearson VUE's website, you must do so at least 24 hours before your original appointment.

### Cancel Appointments You Can’t Attend

Rescheduling an exam appointment doesn't automatically cancel your initial appointment. The initial appointment remains in effect until you accept a new appointment date and time from a Pearson VUE representative. If you're not ready to reschedule, be sure to ask the representative to cancel your appointment. Pearson VUE will send you an email confirmation.
Making Your Exam Appointment

SECTION 3

IF YOU MISS AN EXAM OR DON’T CANCEL PROPERLY

Your exam window will close, and you’ll forfeit your application fee, if:

- You don’t appear for your scheduled exam.
- You don’t cancel or reschedule your appointment by following the procedure on Page 34.

In both cases, you’ll have to reapply and pay the reapplication fee of $175 before you can reschedule the exam. Missing an appointment, however, doesn’t count as an attempt under the three-attempts-in-three-years policy (see Page 18).

IN AN EMERGENCY

We know that sometimes emergencies occur. If—after the appointment change deadline—an incident results in your hospitalization, or the hospitalization or death of an immediate family member, we’ll consider your situation individually.

Send a request to us in writing at:

ARRT
Attn: Appeals Process Administrator
1255 Northland Drive
St. Paul, MN 55120

Or fax it to 651.681.3295.

Include a description of the incident with your name; two other identifiers (such as your ARRT identification number, your date of birth, or your Social Security number), and valid supporting documentation. Be sure to sign your request, date it, and postmark it within 30 calendar days of your scheduled exam.

IN CASE OF SEVERE WEATHER

Call Pearson VUE’s call center at 800.632.9055 to find out if your test center is open during any type of severe weather. Don’t call the test center directly. If the test center is open, and you miss your appointment, you’ll have to reapply with ARRT and pay a new fee to get a new exam window. If it’s closed, you’ll be able to reschedule your appointment at no cost.

If you’re concerned about severe weather and your appointment is still more than 24 hours away, consider rescheduling to avoid transportation difficulties (see Page 33).
ARRT’s exams measure the knowledge and cognitive skills you need to perform major tasks typically required in your discipline. Consult our content specifications for the topics your exam will cover.

TOP TIPS FOR A GOOD TEST EXPERIENCE

- Request ADA accommodations on your application—not at the test center (Page 24).
- Arrive 30 minutes early.
- Bring two valid forms of acceptable ID (see Page 22) to the test center.
- Don’t bring cell phones or other belongings into the test center (Page 41).
- Sign the nondisclosure agreement within two minutes of accessing it (Page 42).
- Flag difficult questions and return to them if time allows.
Exam Format

Most questions are multiple-choice with one best answer. Some might ask you to select multiple answers from a list or to use your mouse to sort options into order. A few might ask you to use your mouse to select an image on the screen. Others might ask you to answer a multiple-choice question after viewing a short video clip. Our exams present questions in random order, a method that lets you demonstrate you've learned the material well enough to access it outside a specific context.

Your exam will also include some pilot questions. We use those to evaluate potential questions for future exams. We don’t identify the pilot questions, but we do give you extra time to complete those questions. Your answers to pilot questions won’t affect your score.
Studying for Your Exam

Be aware that ARRT doesn't recommend or endorse any review programs, mock registries, or study guides. We don't provide lists of textbooks or study materials.

That's because we build our exams using many references. To endorse one could mean overlooking others. Your best resource is to consult our content specifications for a list of topics your exam will cover.

QUESTIONS?
Call us at 651.687.0048, ext. 8560, if you have questions about your exam.
What to Expect at the Test Center

Pearson VUE test centers offer computer-based testing for many organizations. You’ll likely be in a room with people taking tests that aren’t ARRT exams. Consider reviewing the linked document to familiarize yourself with the exam process.

No testing environment is completely free of noise. If you’re concerned about distractions, request earplugs or noise-reduction headphones before beginning your exam.

Most of the test centers are in small office parks. You can find driving directions to all test centers by visiting the Pearson VUE website, searching for a test center, and clicking on Get Directions. There won’t be room for friends, relatives, or children to wait with you. And no one may contact you during your exam.

**BE EARLY**

Be sure to arrive at least 30 minutes before your scheduled appointment. That gives you enough time to check in. If you arrive 15 minutes or more after your scheduled appointment, you might have to forfeit your appointment. In that case, Pearson VUE will inform ARRT that you failed to take the exam. Although we won’t refund your application—and you’ll have to reapply and pay a new fee to get a new exam window—a late arrival won’t count as one of your attempts.

**WEAR APPROPRIATE CLOTHING**

Because the test room might be warm or cold, dress in layers. Keep in mind that you can’t wear outerwear or hooded clothing in the test room. Instead, bring a sweater, blazer, or hoodless sweatshirt. Be ready to empty your pockets before entering the test room.
LEAVE PERSONAL BELONGINGS IN A LOCKER

You must leave all personal items in a secure locker at the test center. Because Pearson VUE assumes no responsibility for lost items, you might want to leave personal items in your car or at home.

For example, you can’t bring purses, wallets, backpacks, or similar items into the test room. Don’t wear anything, such as jewelry, that might make noise and distract others. Don’t wear jewelry that’s more than a quarter-inch wide. You’ll have to remove it, because it could be a way to circumvent exam security. Cell phones aren’t allowed in the test room, and neither are notes, scratch paper, pencils, or pens. Finally, don’t bring a calculator to the test center—you won’t be able to use it. Pearson VUE will give you a basic four-function calculator if you ask for one; there are both a basic and a scientific calculator on the computer.

Once you put your personal items in a locker, you won’t have access to them until your exam is over, unless you have an ADA accommodation that allows you to retrieve something related to a medical condition.

BRING PROPER IDENTIFICATION

Be sure to bring proper identification (see Page 22).

CHECK IN

Pearson VUE staff will ask you to sign a digital signature pad. That signature gives your consent for ARRT and Pearson VUE to retain and transmit your personal data and exam responses as needed.

Next, Pearson VUE staff will take your photograph and scan your palm veins. The palm-vein reader uses a safe, near-infrared light source (similar to a television remote control). It takes the place of fingerprinting. If you were ever fingerprinted for an ARRT exam, you’ll have to provide a fingerprint match at the test center, then enroll in the palm-vein recognition system.

ARRT and Pearson VUE will use your palm vein information for authentication purposes only. We won’t share it with any other organization.

If you asked for and received approval for ADA accommodations, bring your letter (original or a copy) approving the accommodations to Pearson VUE. Give it to staff when you check in.

REMEMBER

If you asked for and received approval for ADA accommodations, bring your approval letter to Pearson VUE on your exam day.
GO THROUGH ORIENTATION

Pearson VUE staff will give you a short orientation. Although the staff members can answer questions about test-taking procedures, they won't have answers to questions about our exam content.

Next, a staff member will give you an erasable note board and marker before escorting you to an assigned workstation. Don't use the note board until you've accepted the nondisclosure agreement (see next section).

SIGN THE NONDISCLOSURE AGREEMENT IN TWO MINUTES!

After you complete the exam tutorial, a nondisclosure agreement and a countdown timer will appear on your computer screen. You must sign it within two minutes of its appearance or Pearson VUE will end your exam. In that case, you won't be able to take the exam that day. It won't count as an attempt under our three-year, three-attempt policy (see Page 18). You'll have to obtain a new exam window by reapplying and paying the reapplication fee.

THE EXAM WON'T PROCEED UNTIL YOU SIGN THIS AGREEMENT:

This exam is confidential and is protected by copyright law. You are expressly prohibited from disclosing, publishing, reproducing or transmitting this exam, in whole or in part, in any form or by any means, oral or written, electronic or mechanical, for any purpose.

By signing, you agree that you won't disclose exam questions in any form or remove them from the test center. Follow the prompts to accept or reject the agreement. If you reject it, let test center staff know that you're done with the exam. If you reject the agreement but later want to take the exam, you'll have to reapply and pay the reapplication fee.

Learn more about our security requirements (see Page 48).
TAKE THE EXAM

You must remain in your assigned seat during and after the exam, unless a Pearson VUE staff member authorizes you to leave. If you need to leave the room, raise your hand for permission. Pearson VUE staff will scan your palm when you leave and scan it again before you re-enter the room.

Keep in mind that you won't get extra test-taking time if you leave the room. In addition, if you leave for more than 10 minutes, Pearson VUE will file an incident report with us, and we'll investigate. The only exception is if you're taking the Sonography exam, which allows a 30-minute break. Even so, you must remain inside the test center building during your break.

You can't leave the test center building before completing your exam—even if you have ADA accommodations. If you leave the building, we'll cancel your score, and your exam will count as one of your test attempts. You'll have to reapply and pay the reapplication fee if you want to take the exam again. You might also have to undergo an ethics review.

When you complete your exam, raise your hand and wait for a Pearson VUE employee to collect your note board. Pearson VUE staff will scan your palm once more before you leave the test center.

ASK FOR HELP

If you have concerns or need help, raise your hand to alert test center staff. Staff members can bring you a handheld calculator, earplugs, or another erasable note board. You may ask for replacements during your exam, but you can't remove the materials from the test room.

Raise your hand if you need help adjusting your computer screen or you suspect a problem with the computer.
PACE YOURSELF

Use your time well. You can see how much time remains in your exam session by looking at the top right corner of your computer screen.

You’ll need to answer each question before the computer lets you move on to the next one. If you’re not sure of the answer, guess—and flag the question. If you have time at the end, you can return to the question and review your answer. Your score is based on the number of correct answers you give, so it’s in your best interest to answer all the questions, even if you must guess.

The amount of time we allow for an exam depends on how many questions the exam has. The chart on this and the following pages shows how long you’ll have, including:

- 18 minutes to complete the tutorial, which will familiarize you with the exam and online calculator
- Two minutes to sign the nondisclosure agreement (NDA)
- 10 minutes to complete a survey after you finish the exam

**WE VALUE YOUR OPINION**

That’s why we provide two opportunities at the test center for you to let us know your thoughts.

- You may leave comments for us about any question at the time you answer it. Just click the Comment button at the top of the page.
- At the end of your exam, we also offer a survey about your overall testing experience. Don't use the survey to comment on specific questions.
How to Appeal Your Test Administration Procedures

Pearson VUE works with us to administer our exams in a comfortable and safe environment. Rarely, you might encounter technical difficulties at a test center. If that happens, alert a Pearson VUE employee immediately. In most cases, you’ll be able to continue your exam session. If you can’t complete your exam because of severe technical difficulties, we’ll make reasonable accommodations.

TO APPEAL

If you think the administration of your exam differed substantially from normal testing procedures, you may request a review of the procedures. Verify that the test center administrator will file an incident report before you leave the test center—and request a copy of the incident number from that report. Then complete and submit an Appeal of Exam Administration Procedures. Provide as much detail as possible.

We’ll investigate complaints if you send them to us within two calendar days of your exam, before you receive your official results. To make sure we get your form on time:

- Fax it to 651.681.3295.
- The next day, call us at 651.687.0048, ext. 8560, to confirm that we received your appeal.

If we find that substantive deviations from normal testing procedures occurred, we’ll cancel your original score and allow you to retake the exam at no cost. We won’t adjust your score based on our review.
Meeting Our Security Requirements

ARRT credentials are valuable. Some employers require ARRT certification and registration for their technologists, and many states use our exam as a basis for issuing licenses. Everywhere, patients entrust R.T.s with their health and well-being. That's why security is so important. We want to ensure that people who pass ARRT exams do so by preparing themselves to perform high-quality patient care—not by having advance access to our questions.

REMEMBER: YOU AGREED TO COMPLY

When you apply for certification and registration with ARRT, you agree to comply with our exam security requirements. You’ll find the complete wording in Section 3.02 of ARRT Rules and Regulations and more information about subversion in Rule 4 of Part B, Rules of Ethics, in ARRT Standards of Ethics. Not meeting these regulations can result in ARRT sanctions, up to and including a determination of ineligibility (see Page 57) or revocation of your ARRT credential.

In short, never disclose information about our exams by using language that is substantially similar to the wording of our questions or answer options. This rule includes (but isn’t limited to) disclosing such privileged information to, or receiving such privileged information from:

- Students in educational programs
- Graduates of educational programs
- Educators
- Anyone involved in preparing candidates to take an ARRT exam
WHAT’S OK TO SAY?

We know that taking an ARRT exam is an important event. People will ask you how it went, and you’ll probably want to talk about your experience. Here are some examples of what’s OK to say—and what isn’t.

DON’T SHARE DETAILS ABOUT ARRT’S EXAMS

<table>
<thead>
<tr>
<th>SCENARIO</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>your instructor or program director asks you to “stop by” after the exam and talk about how it went.</td>
<td></td>
</tr>
<tr>
<td>WHAT’S OK</td>
<td>You can talk about your general experience (“I didn’t think the test was as difficult as I’d expected”).</td>
</tr>
<tr>
<td>WHAT’S NOT OK</td>
<td>Your instructor or program director shouldn’t ask about any details of the exam—and you can’t give more information about the exam content than appears in our content specifications.</td>
</tr>
<tr>
<td>BOTTOM LINE</td>
<td>If anyone—even an instructor or program director—asks you to reveal any of ARRT’s questions or answer options, you must report that person to the ARRT Ethics Committee. If you start to reveal exam content, the person you’re talking to should stop you right away. Revealing content could subject you both to ARRT’s ethics process.</td>
</tr>
<tr>
<td>your tell another candidate, “The test was very difficult. I felt I didn’t have enough time.”</td>
<td></td>
</tr>
<tr>
<td>WHAT’S OK</td>
<td>This is OK because you’re simply telling someone how you felt about the exam. You aren’t revealing any of ARRT’s questions or answer options.</td>
</tr>
<tr>
<td>WHAT’S NOT OK</td>
<td>It’s not OK for someone to ask you about the specific wording of the exam’s questions or answer options.</td>
</tr>
<tr>
<td>BOTTOM LINE</td>
<td>If you share any of the questions or answer options on an ARRT exam, you might find yourself part of an ARRT ethics investigation and/or a legal complaint.</td>
</tr>
</tbody>
</table>
### About Your Exam

**SCENARIO** You tell your instructor, “You didn’t teach me about this subject. They asked [specific question] and I felt unprepared.”

| WHAT’S OK | It’s never OK to report a specific question, or the answer options, to anyone. |
| WHAT’S NOT OK | It’s not OK—and it never will be—to report a specific question, or the answer options, to anyone. |
| BOTTOM LINE | Throughout the application and exam process, you’ll sign numerous documents saying you won’t share exam questions or options for answers with anyone. We expect you to honor those contracts. If you don’t, you might find yourself part of an ARRT ethics investigation and/or a legal complaint. |

**SCENARIO** You tell another candidate that the exam included multiple-choice and sorted-list questions.

| WHAT’S OK | This is OK, because the format of the exam is public information that appears in this handbook. |
| WHAT’S NOT OK | It’s not all right to reveal anything other than what appears in this handbook, in our content specifications, or on our website. |
| BOTTOM LINE | There’s no problem if you limit your conversation to public information, such as what appears in this handbook or on our website. |

**SCENARIO** You tell another candidate, “I didn’t understand this question” and relate the question, then ask, “Do you know what the test was asking?”

| WHAT’S OK | It’s never OK to report a specific question, or the answer options, to anyone. |
| WHAT’S NOT OK | It’s not OK—and it never will be—to report a specific question, or the answer options, to anyone. |
| BOTTOM LINE | Throughout the application and exam process, you’ll sign numerous documents saying you won’t share exam questions or options for answers with anyone. We expect you to honor those contracts. If you don’t, you might find yourself part of an ARRT ethics investigation and/or a legal complaint. |
SECTION 4

About Your Exam

SCENARIO You tell another candidate, "If I were you, I’d bring a sweater. The test room was cold."

| WHAT’S OK | This is fine. You’re simply telling someone else about the test site environment. You aren’t revealing any of ARRT’s questions or options for answers. |
| what’s not ok | Be careful, though. If the conversation continues, and the other person asks specific questions about the exam, don’t answer them. |
| bottom line | If you share any of the questions or answer options on an ARRT exam, you might find yourself part of an ARRT ethics investigation and/or a legal complaint. |

SCENARIO Another candidate asks you, "Were there a lot of questions on [specific topic]?

| WHAT’S OK | It’s never OK to report a specific question, or the answer options, to anyone. In addition, you can’t give more information about the exam content than appears in our content specifications. |
| what’s not ok | Candidates should review the content specifications (available on our website) to learn what topics our exams cover. Never ask for or give more specific information than appears in our content specifications, in this handbook, or on our website. |
| bottom line | If someone asks you to reveal ARRT’s exam questions or answer options, the conversation violates both the ARRT Standards of Ethics and the legal contract that all candidates sign. If someone asks you a question like this, show that person our content specifications and warn the person about the consequences of revealing ARRT’s exam questions or answer options. |

DON’T SHARE DETAILS ABOUT ARRT’S EXAMS

ARRT owns the copyright to our exam questions and to the options we offer as answers. In addition, subverting the integrity of ARRT’s exams is illegal under the Minnesota Exam Subversion Law. You can find more information about exam security on our website.
EXPECTED CONDUCT AT THE TEST CENTER

Pearson VUE staff will watch you while you’re completing your exam. They’ll also make video and audio recordings of the test session. Both observation and a statistical analysis of your test responses can serve as grounds for determining misconduct.

**Actions That Would Result in Score Cancellation**

Your score will be canceled, you’ll have to reapply and pay the fee, and your exam will count as one of your test attempts if you:

- Have access to a cell phone or other electronic device during your exam
- Remove study materials or any unapproved items from your locker.
- Leave the test center building before you complete your exam.

ARRT has a zero-tolerance policy in these areas. If you do any of those things, Pearson VUE staff will end your exam and file an incident report with us. Electronic devices include (but aren’t limited to) cell phones; any communication, recording or listening device (such as media players); removable storage devices; personal digital assistants (PDAs); calculators or computing watches; scanning pens; laptop computers, tablets, or any computer device; and cameras and other photographic devices.
Other Misconduct

Other misconduct includes, but isn't limited to:

- Having access to papers, pamphlets, books, notebooks, or study guides during your exam
- Giving or receiving unauthorized help
- Attempting to take the exam for someone else
- Failing to follow the instructions of Pearson VUE staff
- Tampering with the computer
- Attempting to use the computer for any function other than completing the exam
- Attempting to remove test content—in any format—from the test center
- Creating a disturbance

If you demonstrate misconduct or irregular behavior, we’ll withhold your exam scores. We can also take measures including barring you from future exams, ending your exam, and canceling your scores for this and any previous exam. If you already hold an ARRT credential, we can deny your renewal; revoke or suspend your certification and registration; and take other actions as appropriate.
At the end of your exam, you'll receive a preliminary score—not a final one. It doesn't mean you passed or failed the exam or that you're eligible or ineligible for certification and registration. You're the only person who sees that score. You can't print your preliminary score, and once you leave the preliminary score screen, you won't be able to retrieve the score.

After your exam, Pearson VUE will return all data to ARRT. We'll complete an analysis of your exam. We take this step to ensure that the official score you receive is accurate.

Learn how we score exams.

If we have proper documentation of your eligibility, within 30 calendar days of your exam date we'll mail an official score report to the address we have on record for you. Call us if three weeks go by and you don't receive your scores—but be aware that we won't give your exam results over the phone. You can also check the Verify Credentials page of our website. It will reflect your certification and registration status within about three weeks of your exam date.

If you change your address after your exam, be sure to change your address in your online account. Otherwise your score reports might not reach you, and you'll have to pay for additional copies.
How to Interpret Your Score Report

We use scaled scores rather than raw scores to report your exam results. A raw score is the number of questions you answered correctly. A scaled score is more meaningful, because it considers the difficulty of each version of a test in comparison to other versions of the test. In other words, a scaled score of 75 represents the same level of performance—regardless of which version of an exam you took.

Scaled scores for ARRT’s exams range from 1 to 99. Section scores range from 0.1 to 9.9; we report them in tenth-point intervals (e.g., 8.1, 8.2, etc.). Your overall score comes from the total number of items you answer correctly—not from your section scores. Because our test sections differ in length, you won’t get your total score simply by averaging your section scores.

Use the section scores to review your strengths and weaknesses in content categories. You can generally interpret a section score of 8.1 as equivalent to a scaled score of 81 had that section made up the entire exam. Keep in mind, though, that because section scores come from a smaller number of questions than exam scores, section scores aren’t as reliable as total scores.

If you score relatively lower in some areas, consider earning continuing education credits in those areas to increase your knowledge of those topics.
Requirements for Passing the Exam

YOU NEED A SCALED SCORE (SEE PAGE 55) OF 75 TO PASS AN EXAM

Each ARRT exam has a different number of questions. We conduct studies to determine the number of correct answers needed for a scaled score of 75 on each exam. ARRT and panels of experts from each discipline periodically review our passing scores to ensure their validity.

Remember that passing an exam doesn't make you eligible for certification and registration. You also must meet our education and ethics requirements (see Pages 7–17).

QUESTIONS?
Call us at 651.687.0048, ext. 8560, if you have questions about your score.
When We’ll Cancel Your Score

Be aware that ARRT can cancel your test scores in specific instances, which include but aren’t limited to these:

- We determine that you haven’t met your education or ethics eligibility requirements.*
- There’s evidence that the security of the exam you took was compromised—even without evidence that you knowingly compromised our security.
- You provide inaccurate or incomplete information or fees. (If that happens, we can cancel your scores or hold your results for six months; if you don’t resolve the issue by then, we’ll cancel your scores and count your attempt.)
- You experience severe technical difficulties during your exam. (If that happens, we’ll investigate the circumstances and arrange for a makeup exam at no additional cost to you.)

* In such cases, you’ll forfeit your application fee, and your exam will count as one of your three attempts (see Page 18). In addition, we’ll expect you to cooperate in any investigations of the circumstances surrounding such instances.

Once we’ve canceled your scores, they won’t be valid for certification and registration. In such an instance, you’d have to retake the exam.
How to Appeal Your Score

We use several quality control procedures to make sure all exams are scored accurately. If you think your exam score is wrong, however, you may request a review.

Send us a letter:

- Explaining why you suspect a scoring error
- Accompanied by a $25 fee
- Mailed to: ARRT, 1255 Northland Dr., St. Paul, MN 55120, Attn: Appeals Process Administrator
- Postmarked within 14 calendar days of the postmark date on the envelope in which your score report arrives

We'll review your responses to each question, compare those responses to the answer key, and recalculate both your raw scores and scaled scores. You'll receive our findings no more than 30 calendar days after we receive your request. If we find any scoring errors, we'll cancel your original score and provide you with your corrected score.
What Happens If You Don’t Pass

If you don’t pass the exam on your first or second try, you’ll be prompted in your online account to reapply. The fee to reapply is $175. If you don’t pass on your third attempt, we’ll send you information on how to requalify to take the exam.

Be aware that we regularly update our exam content specifications. If you plan to retake the exam, compare the content specifications on our website to those you used for your previous attempt. You might need to prepare for new content on your next attempt.

Remember

You have three years and three attempts to pass the exam (see Page 18). If we receive your reapplication and fees fewer than 30 calendar days before your three-year limit expires, we’ll return them without processing. You’ll have to requalify before you can take an ARRT exam (see Page 27).
Once you’ve met our education, ethics, and exam requirements, you’ll earn an ARRT credential. While you keep your certification and registration current, you’ll be eligible to use the term Registered Technologist and the abbreviation R.T. with your name.

Visit your ARRT online account for details about maintaining your credential. Be aware that you’ll need to complete the following three types of requirements throughout your career:

1. Renew your credential every year.
2. Complete your Continuing Education Requirements every two years.
3. Fulfill your Continuing Qualifications Requirements every 10 years.
You might want to consider earning additional ARRT credentials. You may use a primary eligibility pathway, use another postprimary eligibility pathway, or earn a Registered Radiologist Assistant (R.R.A.) credential. See the chart on Page 6.

When you earn additional credentials, you must complete educational activities. Those activities may meet your biennial CE requirement for existing credentials. For example, if you earn a credential in Mammography, you'll report any approved academic courses or CE you completed to earn that credential. The activities may count as CE for your existing biennium, but the credential itself won't.

The courses and activities you complete must meet ARRT's Category A or A+ requirements or must be approved academic courses. (See ARRT Continuing Education Requirements for more detail.) If you earn credentials from NMTCB, ARDMS, or ABII, be sure your educational activities meet our requirements.

**Primary Eligibility Pathway**

You can earn these credentials using our primary eligibility pathway: Radiography, Nuclear Medicine Technology, Radiation Therapy, MRI, and Sonography.

**Postprimary Eligibility Pathway**

You can earn the credentials listed in the left column of the chart on Page 6 using our postprimary eligibility pathway. To do so, you'll need to hold ARRT certification and registration in a supporting category (as noted in the top row of the chart) or a credential from another organization (as noted in the footnotes to the chart).

**R.R.A.**

To earn an R.R.A. credential, you'll complete elements of both the primary and postprimary eligibility pathways. For example, you'll have to complete an ARRT-recognized radiologist assistant education program, and you must hold a Radiography credential.
